AFTER EFFECTS

Designs are sure to keep your online identity relevant in an ever-evolving and competitive digital environment. Treats every new project as an opportunity to push creativity and produce artwork that transcends uninspired trends.

Believes in giving individual attention to each and every client and building a solid, lasting relationship based on trust and exceeded expectations.

EXPERIENCE

SFV Community Mental Health Center — Graphic Design Intern

February 2023 - present

- Reimagined and designed company brochures and pamphlets, making program information streamlined and easier to read; as well as improving aesthetics
- Designed numerous original graphics for use both online and print to improve brand consistency and aesthetics
